PREVIOUS OCCUPATION:
Small Business Owners

When we found PURE, we were small business owners with a traditional business in the wireless industry. The economy was in a major downturn. Our business was failing, and we were facing bankruptcy. We took a look at LIVEPURE and immediately understood the power of the business model.

We took massive immediate action by just asking everyone we knew to simply take a look. We would show them the LIVEPURE plan and share the products so they could taste it, feel it, and connect them with someone else to hear their success story. That system called SHOW SHARE CONNECT became the system that all of our team was following. We earned over 200,000 our first year, and within four years we were earning a seven-figure annual income. We have now earned over \$30 million with LIVEPURE and become one of the top earners in the industry.

There's no other business in the world that can change your life in a short period of time with a small investment. The income we have earned with LIVEPURE has allowed us to do a lot of things with our family and for our children that we would never have been able to do.

"We have now earned over \$30 million with LIVEPURE and become one of the top earners in the industry."

When I first heard about LIVEPURE I ran from it. Then I heard that Phil Knight was invested in it, so I gave it a shot. I decided to go all in to see if this company was legit. The results: My cholesterol dropped 45 points, I lost the spare tire around my waist, and my energy level boosted almost immediately. After over 6 years of taking this journey, my family pays for their products, and I've received over 200k in checks. I didn't get in this company to make money but to get my health back, and my family's as well, but I'm not going to send a check back when they give me one. Word-of-mouth advertising is so powerful. This company will help get your health back if you are committed.

NonProfit Founder

We are Michael and Crystal Archie—visionary entrepreneurs, mentors, and philanthropists with a deep passion for legacy and impact.

I (Crystal) have been in the network marketing industry for over 16 years, and it has been an incredible journey of growth, leadership, and faith. I founded Broke to B.L.I.N.G.™ and the Treasured Foundation as ways to serve and empower women—both here and in Ethiopia—through entrepreneurship and sustainable solutions that change lives and communities.

Michael, my husband, brings unmatched strength, discipline, and leadership to everything we do. As a former NFL running back, he knows what it takes to persevere through challenges and rise to new levels.

Together, we are rebuilding and moving forward with LIVEPURE—a mission that combines faith, wellness, and purpose to help others rise and walk fully in their God-given potential.

As mentors, we've been blessed to inspire thousands of people to overcome challenges, build thriving businesses, and live lives full of meaning and impact.

Our story is a beautiful blend of business success, philanthropy, and faith, and we are honored to use our voices and platforms to influence and encourage others in both the entrepreneurial and faith communities.

OCCUPATION:

Writer & Nonprofit Founder

My name is Erica, and together with my husband Jason, we've built a life rooted in faith, family, and service. We're parents to six amazing children: five adopted from West Africa and one biological. We founded a nonprofit that serves communities in Sierra Leone, which is close to our hearts.

After spending 20 years in Nashville, Jason decided to leave the corporate world to focus more on our family while I built a successful home-based business. Our shared passion for network marketing and building community grew into a multi-million-dollar business with our previous company.

I've always been a creative at heart—homeschooling our kids, writing music, and even publishing a best-selling book along the way. Today, we live in beautiful Inlet Beach, FL, where we focus on real estate and live each day with purpose and the ocean nearby.

Our life is a testament to love, advocacy, and empowering others to pursue meaningful impact and freedom.

PREVIOUS OCCUPATIONS:
Admin, Education

LIVEPURE entered my life in 2012 when chronic fatigue, mounting medical bills, and five jobs were draining our family. I committed to the Cleanse-Balance-Build system and within four weeks, dropped twelve pounds, felt alive again, and saw a business model that paid for simply sharing. My first week's commission of \$690 was undeniable proof. By the end of month one, eight friends had joined me. Our team ballooned to eighty-one partners, and we hit Diamond Rank in twenty-eight days. Twelve months later my income totaled \$255,000, and I'd earned three incentive trips. Twelve years in we still earn six figures, funding investments, family adventures, and the ranch we're building without missing the moments that matter most. My mission now is clear: help one thousand people bank an extra \$1,000 a month so they can choose memories over overtime every day.

My name is Glizel Fajardo, and my journey from the Philippines to small-town Camden, Tennessee has been rooted in faith, family, and purpose. I've been married to my husband, Jon, for 15 years, and together we're raising our two beautiful children. Our greatest joy comes from our walk with God and the life we're building through Him.

Jon lives boldly — he's a skilled boilermaker, and over the years he's also been a professional skydiver, BMX rider, stunt performer, competitive shooter, and earned his black belt. I share that same passion for life and for people. I own a beauty salon where I have the privilege of sharing the Good News with every guest who sits in my chair.

We homeschool our children, raising them to have strong faith and values, and in September 2024, the Lord spoke a word over us: "Rehoboth — the Lord is making room for me." That word ignited a brand-new season in our lives. We became Brand Partners with LIVEPURE, stepping into an opportunity that has brought both health and prosperity to our family.

We continue to live with intention, empowering others, walking in purpose, and building a legacy centered on faith and freedom.

We're Tim and Jennifer Williams—high school sweethearts from Collierville, Tennessee. We're blessed with three wonderful kids and two dogs who keep life fun and full. As Nurse Anesthetists, we spent years helping patients have “sweet dreams,” but in the process we put a lot of our own dreams on hold.

Even though we found success in the medical field, we started craving more freedom, flexibility, and time with our family. We knew there had to be another way. On our journey to find it we discovered health and wellness entrepreneurship and felt an instant connection with LIVEPURE—a company dedicated to clean, science-backed nutrition and lifestyle products.

We embraced the opportunity, and it changed everything. Transitioning from clinical schedules to a purpose-driven business has allowed us to impact lives on a much broader scale.

Today, we get to enjoy the best of both worlds: helping others get healthier and wealthier while creating time freedom for our family and dreaming bigger—not just for ourselves, but for others too. Our story is one of courage, calling, and creating a lasting impact.

When we first saw LIVEPURE, we were overwhelmed and exhausted, working 70-80 hours per week in our traditional business while raising our two young kids, ages 3 and 5. We were missing moments we couldn't get back. LIVEPURE offered a way to create additional income without adding more strain to our already packed schedule, with the hope that it could eventually help us reclaim our time and flexibility as a family. Our first year, we made \$10,000. It wasn't flashy, but we kept sharing and stayed consistent.

Year two, we made \$43,000. By year three, it turned into a six-figure business with us earning over \$600,000. This is when we started experiencing real freedom for our family — all from home, without employees, and with products that truly deliver results.

LivePURE hasn't just changed our finances, it's changed us. It's reminded us what's possible when you lead with heart and trust the process.

In August 2024, I partnered with LIVEPURE with a vision for more time freedom. Within just 90 days, I had earned \$5,000—a clear sign to me that God had opened the right door. With homes in both Nashville and Vero Beach, I longed for the flexibility to be fully present with my husband, children, grandchildren, and parents.

What began as a business quickly became something much deeper: a calling. I began to see this opportunity as a way to build something that honors God, serves others, and creates lasting financial and time freedom for my family and those I have the privilege to lead.

The greatest blessing by far has been the people. From customers to business partners, I've found so much joy in helping others grow, discover their purpose, and pursue their own vision for a better future.

LIVEPURE has given me more than just a paycheck—it's become a faith-aligned platform for impact, growth, and legacy. I'm just getting started, and I'm full of hope and expectation for all that God has ahead!
